OBJECTIVE

Motivated Computer Science student with strong foundations in AI, Machine Learning, and Web Development. Seeking an internship opportunity to apply problem-solving skills and contribute to building scalable and intelligent software solutions.

EDUCATION

Dhanekula Institute of Engineering & Technology

Bachelor of Technology in Computer Science and Engineering **CGPA: 8.4**

Vijayawada, AP

2024 – 2027

VKR and VNB Polytechnic College

Diploma in Computer Engineering **CGPA: 7.5**

Gudivada, AP

2021 -2024

EXPERIENCE

Frontend Development Trainee | NICE Computers

Nov 2023 – Apr 2024

- Developed and maintained responsive user interfaces with HTML, CSS, and JavaScript, collaborating with the team to implement scalable features that enhanced user experience.
- Assisted in debugging and optimizing web applications, delivering clean, efficient code that improved overall site performance.

SKILLS SUMMARY

- Programming:** Java, Python
- Web Development:** HTML, CSS, JavaScript, DOM, jQuery, Bootstrap
- Databases:** MySQL, MongoDB
- Development Tools:** VS Code, Git, GitHub, Vercel, streamlit.
- Course Work:** OOPS, DBMS, Operating Systems, Data Structures and Algorithms,
- Machine learning:** Familiar with Tensorflow, OpenCV, Huggingface, YOLO, NLP applications.
- Soft Skills:** Teamwork, Collaboration, Leadership, Communication, Attention to detail, Quick Learning.

PROJECTS

AI Powered Disease Detection System

Jan 2025 - Apr 2025

- AI-powered disease detection system to accurately classify diseases from medical scans and X-ray images, leveraging TensorFlow and OpenCV.
- Developed and deployed a user-friendly web application using Streamlit, providing an intuitive and accessible interface for real-time image analysis and diagnosis.

E – Learning Frontend Design

Nov 2024 - Jan 2025

- Designed a responsive e-learning platform interface with intuitive navigation and modular course layout. Interactive elements like courses available and signup buttons.

CERTIFICATIONS

- Python Foundation Certificate**-Infosys Springboard [CERTIFICATE](#) *Sep 27 2024*
- Java Developer Certificate**-Infosys Springboard [CERTIFICATE](#) *July 7 2025*
- Oracle Cloud Infrastructure 2025 Certified AI Foundation Associate** *Aug 8 2025*
- Artificial Intelligence Foundation Certificate** - Infosys Springboard [CERTIFICATE](#) *Aug 8 2025*
- ns-3 Network Simulator** - Spoken Tutorial IIT Bombay [CERTIFICATE](#) *Sep 13 2025*

ACHIEVEMENTS

- Smart India Hackathon 2025** -Worked with team to design practical solution for real-world challenge.
- Microsoft Campus Connect 2.0** - Gained insights on emerging technologies and industry trends.
